

Easton Bowls Club

Report for Easton Parish Council

Most of you would hopefully read the parish magazine, so you know what kind of season we had last year.

In the Woodbridge League we ended up with a mid-table finish. The Fynn teams were more successful and both teams finished top of their respective divisions. This meant that the Fynn final was held at Easton between the 2 Easton teams. Team A coming out as the winners. This was followed by a close of season bar-be-que and presentation of the home cups. We were a little disappointed by the lack of numbers who attended.

This brings me on to this season – I am wondering whether the village thinks that they still want a bowls green. We could do with a few more new players and especially some younger ones. This would help to fill our league teams.

We have already started playing this season. Our first Monday Pairs was this week – and we have already had five league games. We should have our first tournament on Sunday, weather permitting.

I would however, just like to thank the Parish Council for their help with trimming the trees in the cemetery hedge. This has allowed more light to come through onto the green. This in turn has helped to dry the green and air it. To finish the job, we could still do with a couple of trees trimmed a bit further.
